

Field Journal

Field scientist's name:
Field trip location:
Date:
Time:

Weather

Cloud cover:
Precipitation:
Wind:

Piper Spit

Record your observations of 3 birds and 1 mammal:

Animal description or name	Behaviours you observed
1.	
2.	
3.	
4.	

Draw a wetland plant that you observed.

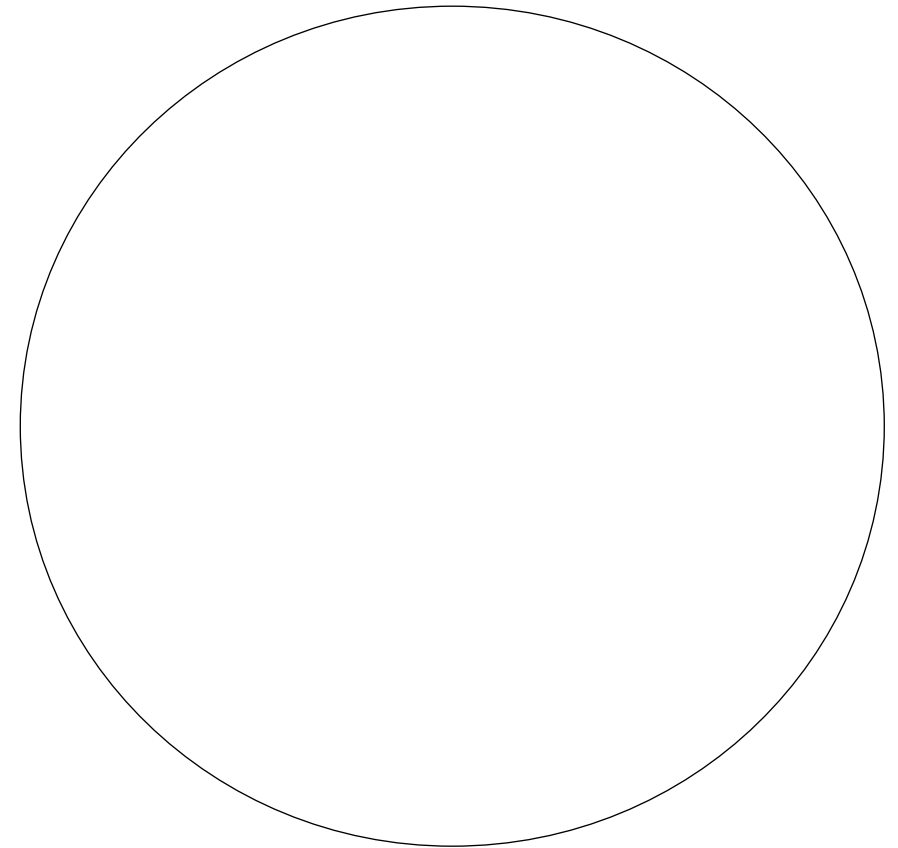

Look for evidence of beavers. What do you see?

Hula Hoop

Back at school, you will use the data on this page to **estimate the species diversity** at Burnaby Lake.

Symbol	Plant (name & sketch)	How many in your plot?

Who is in your group?

Study Plot #
